

### **106 E. Russell Street - Contributing**

Located at 106 E. Russell Street is a two-story gable front Folk dwelling built ca. 1915. The dwelling has a continuous poured concrete foundation, a front gable roof of asphalt shingles, an exterior of aluminum siding and an interior central concrete-covered chimney. On the main (E) façade is a partial-width, hipped roof porch supported by ca. 1965, wrought iron posts and railings on a poured concrete floor with a ramp extending out to the rear of the dwelling. The main entrance has an original single-light and wood panel door with an aluminum and glass storm door. Windows are original one-over-one double hung wood sash with flanking louvered wood shutters on the south façade. Also on the south façade is a large single-light fixed picture window with a single-light transom. On the rear façade is an original, single-story, gable roof wing with an exterior of aluminum siding.

Off the northeast corner of the dwelling is a ca. 1970, single-bay, frame garage with an exterior of aluminum siding, a hipped roof of asphalt shingles, a hollow core wood door and an metal panel overhead track door with four, sunburst patterns panels at the top.

### **112 E. Russell Street - Contributing**

At this location is a two-story, frame, gabled ell Folk dwelling built ca. 1880. The house has a stone foundation, a multi-gabled roof of asphalt shingles, a replacement interior central brick flue and an exterior of weatherboard siding. On the main (S) façade is a hipped roof entry enclosed with weatherboard siding and a ca. 1980, six-panel metal door with a wood surround. The porch area of the entry also has heavy milled posts, wood steps and milled railings. Windows are original, one-over-one and two-over-two vertical-light double hung wood sash with corniced lintel wood surrounds. On the rear façade is an original shed roof wing with a cupola and a weather vane. On the east façade is an original hipped roof side porch which was enclosed ca. 1970 with one-over-one double hung wood sash windows.

### **206-208 E. Russell Street – Contributing**

Located at 206-208 East Russell Street is a two-story gable front Folk duplex constructed ca. 1920 on land that originally was occupied by a garage. The duplex has a continuous rock-faced concrete block foundation, an exterior of aluminum siding, a front gable roof of asphalt shingles and an interior brick chimney. On the main (S) façade is an original, two-story, hipped roof porch supported by square wood posts, a wood floor and closed frame railings covered with aluminum siding. The two entrances on the main façade both retain their original, single-light and three-horizontal wood panel doors. Windows in the dwelling are original one-over-one double hung wood sash with wood surrounds. A small, square louvered, metal attic vent is located in the gable field.

### **211 E. Russell Street - Contributing**

At this location is a one-and one-half story side-gabled Craftsman-influenced Folk dwelling built ca. 1930. The house has a continuous, ashlar-faced concrete block foundation, a side gable roof of asphalt shingles, an interior brick flue and an exterior of weatherboard siding. On the main (N) façade is a partial-width, projecting gable roof porch with wood stairs and milled railings. The main entrance has a single-light and four-panel wood door with a ca. 2000, aluminum and glass storm door. Windows are original, three-over-one vertical-light double hung wood sash with wood surrounds. On the main façade connected to the gable entry is a projecting shed roof bay with a set of four, original, three-over-one double hung wood sash windows with wood surrounds and wood flowerboxes constructed beneath supported by wood brackets. On the west façade side is a secondary entrance with an original one-light and two-panel wood door. In the gable fields are apex attic vents.

Off the southwest corner of the dwelling is an original, frame, one-bay garage with a front gable roof of asphalt shingles, original weatherboard siding and hinged double plywood door above which is a slight shed roof projection. - **Contributing**
